

Complete Remarketing Services

Serving dealers and corporate consignors since 1992

Who We Are

McConkey Auction Group (MAG) provides a lively marketplace for buying and selling cars, trucks, and specialty vehicles. Our consignment comes from two sources: dealerships and institutional accounts like banks, rental companies, and original equipment manufacturers (OEMs).

We don't own the inventory we sell; we provide remarketing services including reconditioning, marketing, auctioneering, digital sales, title transfer, vehicle inspections, and more.
