Using this report, you can estimate the status of the transactions in our processing queue.

- **Date Working On** – the date transactions received that we are currently processing at each identified **Location/Task**:
 - **Mail** – current work just received via mail (USPS, UPS, FedEx, DHL), opening and date stamping
 - **Responses** – correspondence and missing requirements received
 - **Expedites** – dealer expedited title request that received special handling
 - **Inbox (Emailed)** – emails received from Dealers
 - **HQ (Mailed In)** – received date for transactions currently being processed
 - **EVR (Error Queue)** – transactions being processed that error out in the EVR cycle (approximately 15% of all EVR transactions)
 - **DSC** – Dealer Service Center – transactions received and processed at DSCs
